

STUDENT POSTER COMPETITION AWARDS

ICBESI 2017 Conference invites undergraduate and graduate students to submit a poster to the Student Projects Posters Competition. Posters will be presented by students and judged during the Conference on May 22-23, 2017.

IMPORTANT DATES

- Poster Abstract Submission Deadline 1st April, 2017
- Poster Abstract acceptance notification 15th April, 2017
- Final poster submission 1st May, 2017
- Poster presentation 22 - 23 May, 2017

Abstract Submission: Only one poster abstract submission will be permitted per presenting author. Have the following information ready: contact information for yourself and any co-authors, the title and a 50-word abstract.

Poster Submission deadline for those entering the poster competition: By 15th April, 2017, participants who wish to enter the competition will be requested to submit their poster in PDF format for review, using the submission procedure listed below:

- A complete entry consists of an abstract and an electronic PDF file of your poster to be sent ICBESI2017@aast.edu

Please see the guidelines for poster formatting details at the end of this page. Please note the following:

- You can make minor changes to the submitted poster before your presentation at the conference.
- A PDF of your poster should be uploaded in the Abstract System.
- Each poster will be exhibited for 2 hours in its designated place, and during that session, the authors will explain their paper to all parties. The accepted posters will be grouped by the scientific committee according to the theme of the presentation.
- The authors of the posters should bring their papers ready to be displayed. The Conference will make appropriate panels available for their exhibition.
- Each poster should include the poster title and full names of all contributors, their affiliations, addresses and an email and/or web link.
- The poster should be 90cm x 120cm (vertical format)
- The posters will be accepted English.

The poster awards will be announced at the Conference banquet on 22-23 May 2017. The industry partners will sponsor several monetary awards for the highest ranking, presented posters.

Competition placement will be based on a comparison of comments from at least 2 judges. As a result, the judges will spend time talking to the presenters, asking questions and listening their description of project and contributions. The judges will be aware that the projects being presented may not have been completed at the time of competition. Accordingly, physical demonstrations will not be a component of judging.

The selection of the winning presentations will be based on:

- Clarity of poster and oral presentations
- Quality of Methodological Approach
- Overall responses to the judges' questions
- Completeness of work
